No. AIIMS/BLS/PAC/2026/03

Dated: 19.02.2026

Minutes of meeting

A meeting was convened to scrutinize the items requested by the concerned departments to verify their eligibility for procurement under PAC. The meeting was held on 17th February 2026 at 03:00 PM in the Office of the Medical Superintendent. The following members were present in the meeting.

Name	Designation	Role	Signature
Dr. Dinesh Kumar Verma	Medical Superintendent	Chairman	
Dr. Deepti Malik	Associate Professor	Member Secretary	
Dr. Puneet Kumar Gupta	Additional Professor	Member	
Dr. Manu Priya	Additional Professor	Member	
Dr. Preyander Thakur	Associate Professor	Member	
Dr. Nikita Sharma	Associate Professor	Member	
Dr. Vikas Kumar	Associate Professor	Member	

After thorough deliberation by the Committee, the following points were discussed:

1. Department of Radiation Oncology:

a. Hexa POD 6D Robotic Couch: Based on scrutiny of the documents provided by the user Department, the PAC Committee is of the opinion that the item Hexa POD 6D Robotic Couch can be considered to be proprietary in nature as the said item is only compatible with the existing equipment Versa HD already installed in the Department.

b. Breast Board SX Accessories for Breast Immobilization System: The department intends to procure breast board SX accessories along with associated accessories for the breast immobilization system already installed in the department. As these accessories are compatible only with the existing system, the items may be considered proprietary in nature.

2. Department of Microbiology:

a) Re-procurement of Consumables previously procured under PAC: The department has proposed re-procurement of consumables previously procured under PAC. As the earlier PAC validity period of three years has elapsed, proprietary status cannot be presumed to continue automatically. Accordingly, the listed consumables at Annexure 1 for BacT/ALERT 3D System and Annexure 2 for VITEK 2 COMPACT system may be considered proprietary, subject to confirmation through an Objection Calling Notice and receipt of no valid technical objection within the stipulated period. Final procurement may proceed based on the outcome of this process. The procurement will be in accordance with GFR 166 (iii).

b) Truelab Real-Time Micro PCR Workstation: Based on scrutiny of the documents provided by the user department, and considering that the equipment is proposed for use in compliance with the National Viral Hepatitis Control Programme (NVHCP) with specifications aligned with the instrument proposed under the NVHCP implementation plan (HP), the PAC Committee certifies that the equipment, Truelab Real-Time Micro PCR Workstation, may be considered proprietary in nature.

c) 8-Capillary DNA Sequencer: Based on scrutiny of the documents provided by the user department, the PAC Committee certifies that the equipment, 8-capillary DNA sequencer, may be considered proprietary in nature.

3. Department of Paediatrics:

HFNC Machine: Based on scrutiny of the documents provided by the user Department, the PAC Committee observes that the equipment, HFNC Machine is also manufactured by other firms registered in India. Hence, the file is returned back to the user Department for reconsideration.

4. Department of CFM:

IBM SPSS Software: Based on scrutiny of the documents and PAC certificate provided by the user department, the PAC Committee is of the opinion that the software IBM SPSS can be considered to be proprietary in nature.

5. Department of Pathology

a) **Organ Photography System:** Based on scrutiny of the documents provided by the user department, the PAC Committee observes that the equipment Organ Photography System is also manufactured by other firms. Hence the file is returned back to the user department for reconsideration.

b) **Upgradation of Microscope from Pentahead to Decahead:** Based on scrutiny of the documents provided by the user department, the PAC Committee certifies that the item i.e., upgradation of the pentahead to decahead microscope may be considered proprietary in nature, as the required parts/accessories are compatible only with the existing Olympus pentahead microscope already installed in the department.

6. Department of Anaesthesiology and Critical Care

Minimal Invasive Cardiac Output Monitoring System: Based on scrutiny of the documents provided by the user department, the PAC Committee observes that the equipment, Minimal Invasive Cardiac Output Monitoring System is also manufactured by other firms. Hence, the file is returned to the user department for reconsideration.

7. Department of Central Library:

EMBASE Software: Based on scrutiny of the documents and PAC certificate provided by the user department, the PAC Committee is of the opinion that the software EMBASE can be considered to be proprietary in nature.

8. Department of Transfusion Medicine

NAT Test Kits: Based on scrutiny of the documents provided by the user department, the PAC Committee certifies that the consumables, i.e., NAT test kits, may be considered proprietary in nature, as these consumables are compatible only with the existing Nucleic Acid Testing System already installed in the department. The validity of the PAC approval for these items shall remain up to 19.02.2029.

9. Department of General Medicine:

Ultrasonic Transducer Cardiac Probes and Rechargeable Li-ion Battery (2-piece pack) for M6
Based on scrutiny of the documents provided by the user department, the PAC Committee certifies that the items/accessories Ultrasonic Transducer Cardiac Probes and Rechargeable Li-ion Battery (2Pc pack) for M6 may be considered proprietary in nature as these items are compatible only with the existing 2D Echo machine already installed in the department.

9. Department of OBG: Due to incomplete documentation, the file is returned back to the user Department for necessary compliance.

10. Department of Clinical Immunology & Rheumatology: Due to incomplete documentation, the file is returned back to the user Department for necessary compliance.
