Terms of Reference (TOR): -

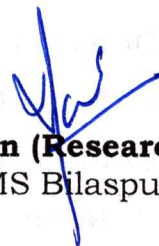

1. Rigorous scientific review of all research proposals to be submitted for intramural and extramural funding.
2. All the projects (intramural as well as extramural) will be submitted to this committee and reviewed by two or three of the experts from the panel.
3. The projects shall be forwarded to the Institutional Ethics Committee (IEC) for ethical review and clearance after ISRAC approval. In the case of multicentric trials, where the scientific content and methodology are already validated, such proposals will be routed directly through ISRAC to IEC for expeditious processing.
4. The committee shall suggest appropriate changes in study design, project methodology and analysis method. Only after the incorporation of suggested modification, committee shall recommend submission to the IEC for final approval.
